The question requires some consideration before it can be answered.

It is not known how much of the promised subscn has come in & whether the Coll[n] of the remainder is stopped, so that ~~the~~ Government or other interference will not be sought for.

Another point is whether the Municipality is able to undertake the maintenance charges laid on.

In what proportion the Hall is to be utilized & whether any such income is expected to be realized from it is not stated.

If appd the matter may be referred back for full info[n] on the above & other points

S i r ,

I have the honor to state that the leading citizens of the Chennapatna town and Taluk are enthusiastic for having a Town Hall, and accordingly they have come forward to liberally subscribe for constructing the same at a cost of Rs.12,000/- The site that has been selected is the open ground between Fort and Petta The Town Hall Committee propose to utilise only 5½ guntas of land out of the vacant space for which they are prepared to pay an upset price of Rs.40/- at Rs.250/- per acre In this connection I beg to submit that Government in their Proceedings No 204½-5/L F.231-96 dated 13-7-1903 have stated that the proposed vacant land being in close proximity to the Railway Station, and certain public buildings such as the Taluk Cutcherry, the Dispensary, and the Chattram, serves a most useful purpose for the benefit of the town, and should not be disposed of by auction for private buildings This observation of the Government may not apply to the proposed buildings as it will not be used as a private dwelling house, but on the other hand it would help to keep the locality more clean, and add to the beauty of the town It will also be highly useful to this growing town as a common meeting place, the want of which has been keenly felt. The building after it is completed will be
